

Other Use Permit

To obtain the approval of the Minister of Highways and Infrastructure for any work or use with or within 90 metres of a Provincial Highway, a letter for a permit **must** be submitted to:

Ministry of Highways and Infrastructure in the affected Region

The letter shall include the type of work or use proposed, if it will alter the flow of traffic in any way, the legal land location and the dates and times in which the work will take place.

If a road closure is required then the letter must be accompanied by:

- A *detour plan* indicating the legal land location of the closure points, and RM and/or Urban (village\Town\City) Roads to be used.
- Written consent or approval of the RM and/or Urban (village\Town\City) to utilize their Roadways.
- A detailed *traffic plan* indicating the *signs* used to detour the motoring public and their proximity to the Highway.

Applicants are encouraged to discuss their application with the Ministry prior to its submission. Following submission of an application and prior to any final decision, the Ministry will review the application and advise applicants if further information is required or if the Ministry has any concerns or objections.
